Features	<ul style="list-style-type: none"> • One button operation • Icons on screen guide the user • Clear results
Dimensions	137 mm x 59 mm x 26 mm
Weight	155 grams

Featuring the DRIVESAFE™ express

The Single-Use Breathalyzer

The DRIVESAFE express is a discrete, single-use breathalyzer. Measure your BAC quickly and conveniently.

The DRIVESAFE express contains crystals within a single tube. When the user blows through the tube, the crystals change colour upon detection of alcohol; the higher the alcohol concentration, the darker the pigmentation. The DRIVESAFE express contains four possible readings.

This device is hygienic, low in cost and compact. Weighing 5.7 grams and measuring 100 mm x 11 mm in diameter, the DRIVESAFE express can fit into any pocket, purse or briefcase.
