## 4.0 How to Create, Edit or Delete Customer

### 4.1 Create New Customer

- On the File Menu, click on "Customer"  $\rightarrow$  Create new customer. Refer to Figure 4.1.a.
- You can also click on the "Clipboard" icon located at the top of the ITR program screen

• A box prompt will appear allowing you to enter in the Customer's full name. Click on the "Save" button. Refer to Figure 4.1.b.

New Customer	X
Customer:	
Save	Cancel
P	

Figure 4.1.b

### 4.2 Edit Existing Customer

 To edit an existing Customer, locate and select the Customer's name you wish to edit in the drop down box. This is located at the top left side of the screen under "Customer". Refer to Figure 4.2.a.

<b>1</b>	nterTrack	Re	gulate	d

#### Ū.

### 5.2 Edit Existing Vehicle

- To edit an existing Vehicle, locate and select the Customer's name in the drop down box that is associated with that Vehicle. This is located at the top left side of the screen under "Customer".
- On the File Menu, click on "Vehicle"  $\rightarrow$  Edit vehicle information. Refer to Figure 5.2.a.
- You can also click on the "Clipboard" icon located at the top of the screen

Doc Owner:	Department:	Initial Release:	Version:	Doc Filename:	Page:
Software Dev't	Software Dev't	2011.02.10	1.0	Intertrack Regulated User Guide	8 of 16

• A box prompt will appear allowing you to edit the Vehicle details. Edit the Vehicle information and click on the "Save" button when you are done. Refer to Figure 5.2.b.

	Save Cancel
	Figure 5.2.b

### 5.3 Delete a Vehicle

**NOTE:** You cannot delete a Vehicle if Service Types (such as Activation, Monitor or Removal) have already been created for that Vehicle. Figure 5.3.a displays an example of when the "Delete Vehicle" icon is disabled – which means that the Vehicle has already been serviced.

To delete an existing Vehicle, locate and select the Customer's name in the drop down box that is
associated with that Vehicle. This is located at the top left side of the screen under "Customer".
Refer to Figure 5.3.b.

# 6.0 How to Create a Service Type (Activation, Monitor, Removal)

- Before you can service a Customer, make sure the Customer and Vehicle have been created. Refer to sections 4.0 and 5.0 on how to create the Customer and Vehicle.
- To retrieve the service code, click on "Service"  $\rightarrow$  Service codes. Refer to Figure 6.0.a.

😾 InterTrack Regulated

Technician Name:	
	]
OK Cancel	

Figure 6.1.b

• A calendar will then appear, allowing you to set the next service date in the device. The calendar date will default to 6 months in advance but allows up to 1 year. Refer to Figure 6.1.c.

Activatio	Activation - Vehicle 10000					
Select next service date and time:						
	K August, 2011					
	Sun Mon Tue Wed Thu         Fit         Sat           31         1         2         3         4         5         6           7         8         9         10         11         12         13           14         15         16         17         18         19         20           21         22         23         24         25         26         27           28         29         30         31         1         2         3           4         5         6         7         8         9         10					
12:00:00 PM 🗢						

Figure 6.1.c

- The next service date cannot exceed the calibration date or else an error will appear on the calendar screen.
- After clicking "Next" in Figure 6.1.c, the following two screens will display the process for Activation.

Doc Owner:	Department:	Initial Release:	Version:	Doc Filename:	Page:
Software Dev't	Software Dev't	2011.02.10	1.0	Intertrack Regulated User Guide	12 of 16

Figure 6.1.d

Activation - Vehicle 10000
Next service: 2011-08-25 12:00 Setting alcolock date and time OK Setting vehicle information OK Clearing event log OK Setting next service date OK Service completed
Close

Figure 6.1.e

- Click on the "Close" button in Figure 6.1.e to continue.
- The device will then beep and display "Install OK" when it is set.

Doc Owner:	Department:	Initial Release:	Version:	Doc Filename:	Page:
Software Dev't	Software Dev't	2011.02.10	1.0	Intertrack Regulated User Guide	13 of 16

### 6.2 Monitor

 Once the Monitor (in-car) procedure has been completed on the device, on the File Menu, click on "Service" → Monitor alcolock... Refer to Figure 6.2.a.

- You can also click on the "Clipboard" icon located at the top of the ITR program screen
- The next steps for the Monitoring process will be the same as the Activation in section 6.1

#### 6.3 Removal

• Once the Removal (in-car) procedure has been completed on the device, on the File Menu, click on "Service" → Remove alcolock... Refer to Figure 6.3.a.

- You can also click on the "Clipboard" icon located at the top of the ITR program screen
- The next steps for the Removal process will be the same as the Activation in section 6.1. However, the Removal process will not set the next service date. The device can then be activated for a different client.
